DAILY MESSAGE OF CHRIST JESUS, TRANSMITTED IN THE MARIAN CENTER OF AURORA, PAYSANDÚ, URUGUAY, TO THE VISIONARY FRIAR ELÍAS DEL SAGRADO CORAZÓN DE JESÚS

Pain can be overcome through patience and love.

Inner patience is a science that transforms the impossible into the possible, the difficult into something flexible.

Love is still a mystery that can go beyond all limits and all difficulties.

Live patience and love, because you will need to, just as your brothers and sisters will need it when the culminating moments come to the planet and everything has to be defined.

We are already in the last cycle of preparation for these events. Those who have been awakened and attentive to the Hierarchy will overcome all things, no matter how difficult they may seem.

Those who were not interested in everything said by the Hierarchy and tried to refute it, again and again, will know the consequences of their actions. Thus, patience will grant wisdom and love will grant understanding.

The times will be defined through the occurrences in life and everything will be again placed where it belongs, rather than where humankind always believed it should be.

Everything will be modified without asking because the Law itself and divine energy will be that which will stir everything up, for the good of the Universe.

I thank you for keeping My Words patiently in your hearts!

Who blesses you,

Your Master, Christ Jesus
