WEEKLY MESSAGE OF MARY, ROSE OF PEACE, TRANSMITTED IN THE CITY OF MANAUS, AMAZONAS , BRAZIL, TO THE VISIONARY FRIAR ELÍAS DEL SAGRADO CORAZÓN DE JESÚS

Dear children,

With joy, I can tell you today that your prayers for the beloved Amazon are like flowers of light that are deposited at the Feet of the Creator in order to give Him the offering and the response of the human consciousness, for this precious project.

Thus, I am accompanying the offerings of all of My children, and with love I receive them in My Heart to then be able to pour them out as graces and healing upon humanity.

In this way, dear children, all of the spiritual, mental and material needs begin to be provided, and souls have the opportunity of becoming aware and of awakening.

Therefore, see the powerful effect of the prayer that is born from the heart, a prayer that grants and allows the fulfillment of the Divine Plan in its different stages.

Today the Amazon is once again magnetized by the light and love of My children, of those who love the Lower Kingdoms, and of those who will always seek to restore and alleviate nature so that someday the destructive human being of the surface may perceive that, without the presence of nature, they would die from not having the life nor the shelter of the Lower Kingdoms.

I thank you for responding to My call!

Who blesses you,

Your Mother Mary, Rose of Peace
