SPECIAL MESSAGE FOR THE ANNIVERSARY APPARITION IN THE MARIAN CENTER OF FIGUEIRA, TRANSMITTED BY MARY, OUR MOTHER OF NAZARETH TO MOTHER SHIMANI

My beloved children, blessed creatures in service of the Creator,

I come today to definitely cut the ties that some of you have with this world, this world of sorrows and spiritual defeats.

From today on, for some of your souls, the presence of God will be total and you will not recognize anything or anyone else. From today on the path of sacrifice and of surrender will be the only path in your lives.

There will no longer be personal pain and suffering for any of those who today will enter in this path, only the suffering of the world, that which you will transmute in Glory to God until the last day of your lives.

It will be in this surrender to God that you will find comfort and relief, knowing that through this small surrender of your lives, day by day, in each corner of the this world a Son of God relieves the fear, the desperation and the pain of humanity.

The prayer of the heart will be your faithful companion; the presence of the Passion of the crucified Son of God will be your breath and prayer, and the company of all of My children who pray will be your spiritual shield.

To you, son, and you daughter, who have chosen from the depths of your consciousness to surrender your being to the universe as an assisting channel to the Great Transmuting Channel of the Glorified Body of Christ, I say to you:

Here I Am, I Am your Co-redeeming Mother, the One who will cover you with Her mantle each day. The One who will pick you up in Her lap at each moment of suffering and of surrender.

Here I Am, I Am your Celestial Mother, the One who will place petals of roses over your bodies so that they may emanate perfume, the One who will always have a lake of light in which to wash your wounds.

Here I Am, My beloved son, My beloved daughter, to give you to drink from the chalice that guards the blessed and sacred blood of My Son, blood that will purify you once, and one more time, so that you may stand up again and continue to surrender yourself more each day.

The world begins its great purification and in loving fraternity we will all help so that this phase may be for humanity that which marks the beginning of the new race, a race renewed in love, spirit and peace so that there may no longer be in the world the sacrifice of a few in the name of all.

Beloved children of the entire world that enter into this path:

Today I consecrate you to the full life of surrender, renunciation, sacrifice and faith that My Son lived upon the Earth. And, as it was more than two thousand years ago, I will accompany you until the end as I accompanied Him.

In Glory to God, be Blessed.

Who loves you always,

Mary, your Mother of Nazareth.
