**DAILY MESSAGE OF MARY, MOTHER OF THE DIVINE CONCEPTION OF THE TRINITY,
TRANSMITTED TO THE VISIONARY FRIAR ELÍAS DEL SAGRADO CORAZÓN DE JESÚS**

Dear children,

Being the Mother of Graces, I contemplate the need of each one of My children. As the Mother and Queen of Peace, I invite you to put in your prayers all the supplications that your brothers and sisters send Me so that the Light of the Father and the Grace of His Love may be able to respond to the call of His children.

My children, with this you will see how great is the urgency of prayer for humanity, for the nations and for the continents. Dear children, as servants of Christ, today I call you to pray for all the supplications that the souls pronounce every day towards Heaven.

By praying and fasting you will help so that the Grace of the Mercy of My Son may propagate itself in the hearts of all My children. Little children, I invite you to mature by means of the exercise of prayer, because it is in prayer that you will discover the wisdom that your consciousness needs so that, in these times, it may make the decisions of peace.

Dear children, as Queen of Peace I ask that at each moment of your lives you seek Jesus to alleviate the offenses that He receives from humanity. My children, try, through prayer, to alleviate the Heart of My Son and, from the exercise of prayer, to consolidate in your heart the covenant with Christ.

Dear children, in these times peace must reign in the dwelling places of all My children. You, with prayer, have the key that opens the Door of the Celestial Universe of God.

By means of prayer you will find the most peaceful path for your lives.

I thank you!

Thank you for responding to My call.

Mary, Mother of the Divine Conception of the Trinity
