**DAILY MESSAGE OF MARY, MOTHER OF THE DIVINE CONCEPTION OF THE TRINITY,
TRANSMITTED TO THE VISIONARY FRIAR ELÍAS DEL SAGRADO CORAZÓN DE JESÚS**

When you open your hearts to God, you will open them in love to your brothers and sisters. There you will begin to understand the science of compassion and your hearts will be touched by the supreme radiance of the Humility of God.

When you open your hearts by means of the exercise of prayer, the darkness of confusion will fade, and on the path you will manage to see the Merciful Horizon of God.

When you open your hearts, it will be humanity that will open itself to the Will of God. Souls will find themselves sincere and pure before the Creator, and with an Immense Love, His Grace will be poured over all.

When you live in My Immaculate Heart, I promise you that peace will surround the beauty of your souls as an extensive garden of roses because there will shine the One and Only God.

When you are in the Heart of My Son, your souls will be pacified and will live in the Law of the Holy Spirit; the essence of love and truth will be revealed to you in life.

If humanity opened the heart to My call, much pain would already have ended, peace would reign in the homes and no child of God would have their life in danger. But still very few are those who, spontaneously, open the heart to the call of My voice.

Many are the soldiers who must be in vigil. The Shepherd must look after His flock. Remember that everyone is called to constant prayer.

Today I invite you to open your hearts and let yourselves be conducted by the new maternal guidance. Whoever accepts to be My child will be well received in the Kingdom of Peace and, in a true act, the hearts of those who still have it closed to God will be opened.

This is what is essential for today: to open the heart so that the Love of My Son may reign among you.

I thank you for responding to My call!

Mary, Mother of the Divine Conception of the Trinity
