DAILY MESSAGE OF THE GLORIFIED CHRIST JESUS, TRANSMITTED IN THE MONASTERY OF THE CONFRATERNITY OF THE LORD, GUATAVITA, CUNDINAMARCA, COLOMBIA, TO THE VISIONARY FRIAR ELÍAS DEL SAGRADO CORAZÓN DE JESÚS

In the greater altitudes of the Colombian Andes, there exists a multi-spatial place in which nature itself and the high and cold mountains generate an ecosystem different from any other surface of the Earth.

So, in this physical and spatial relationship, that which we call inner doorways are established, which are not visible to physical eyes, but which, under exceptional circumstances, can show themselves or appear in a specific area in the form of an intense and characteristic concentration of light and colors.

These doorways, that are in the greatest altitudes, serve as passageways for angelic, devic and elemental consciousnesses, and serve as well for the transfer of certain inner operations that those consciousnesses carry out to maintain, not only the spiritual, but also the material equilibrium of the place where these special conditions are established.

The doorways that are in the heights of the Colombian Andes are natural accesses to superior and cosmic states of consciousness, as the mountainous region itself and the space of the Retreat that manifests facilitate the expression of these sacred places, where surface humankind will be able to again find the meaning of having incarnated and the reason for fulfilling a part of the Plan of Love.

Colombia is still unknown spiritually, but contact with its splendid nature is a bridge so that the human being may perceive and recognize that life is not only material.

I thank you for keeping My Words in your hearts!

Who blesses you,

Your Master and Lord, Christ Jesus
