DAILY MESSAGE OF CHRIST JESUS, TRANSMITTED TO THE VISIONARY FRIAR ELÍAS

Whoever gives of themselves entirely to their brothers and sisters is building within themselves the bridge of the great fraternity. And, free from appreciations and merits, the disciple will be able to reach, by means of wisdom, the comprehension of all things.

True Charity in this time is so important and necessary that the soul, through this fraternal gesture, will quickly heal the wounds of its heart.

I love with fondness those who give of themselves without questioning or imposing time, including when they are shunned by their peers. The love that these consciousnesses radiate is so similar to Mine that it can transform something heavy into something light, or sadness into a profound joy for living.

For this reason, I invite you to exercise Charity. May It flow without questions as the water of a river flows. Among all of you, may the spirit of Charity spring so that the world, in such need of help, can remedy all its woes. Charity leads to the path of Mercy and of humble and simple knowledge.

Dare to be charitable all the time, because I assure you that you will live the great miracle of love and redemption for your lives. Let those who already do this by nature awaken in your brothers and sisters the maximum interest in service so that in this way peace may be present within hearts.

One of the reasons for the lack of peace in the world is the lack of the true spirit of Charity. If humanity for an instant stopped and began to serve others, everything would change and the consciousnesses would be liberated from a lot of suffering. Therefore, I avail Myself of the true Charity of a very few; in this way, little by little, I fulfill the Will of My Lord.

Under the Love of the Father, be blessed.

Thank you for living the Charity of the heart!

Christ Jesus, the Shepherd of Charity
