DAILY MESSAGE OF MARY, ROSE OF PEACE, TRANSMITTED during the journey from Munich, Germany, to Vienna, Austria, TO THE VISIONARY FREI ELÍAS DEL SAGRADO CORAZÓN DE JESÚS

Through the Mysteries of Joy, what does the Annunciation of the Archangel Gabriel represent to you? What does the visit of the Servant of God to Her cousin Elizabeth represent to you?

What does the blessed Birth of Christ and the presentation of the little Child in the temple represent to you?

What does the first preaching of Jesus in the temple mean to you?

In the Mysteries of Joy we find the opportunity and the Grace to please God, listening with the heart to His divine Call .

The Mysteries of Joy are the first impulse of the revelation of God through the selfless service of the Mother of God.

In the Mysteries of Joy we find the first sign of the Presence of the Celestial Father and also the silent acting of the Holy Spirit.

The joy of serving God is the primordial impulse to be able to concretize the divine works.

That is why the Mysteries of Joy invite souls to go through the same experience of love and service that the Sacred Hearts had lived.

In the Mysteries of Joy, the soul finds, as a reference, the spiritual model that the Celestial Universe needs to awaken the depths of the essence of humanity.

I thank you for responding to My call!

Who blesses you,

Your Mother Mary, Rose of Peace
