DAILY MESSAGE OF MARY, ROSE OF PEACE, TRANSMITTED IN THE CITY OF COLOGNE, GERMANY, TO THE VISIONARY FRIAR ELÍAS DEL SAGRADO CORAZÓN DE JESÚS

When I come to the world, it is for a major cause and reason.

This is why, children, your Heavenly Mother moves great divine spheres of consciousness, so that each purpose entrusted by the Eternal Father may be accomplished, according to His most beloved plans.

This generated movement, supported by the great hosts of Light, invokes accomplishing, step by step, that which had before been thought of by the Creator.

This is how, children, the whole Heavenly Universe is presented when summoned to carry forward this mission that occurs, for instance, through the manifestation of each meeting of prayer.

Therefore, all the work carried forward by the Divine Hierarchy embraces, at a planetary level, many states of consciousness, and everything that should descend upon humanity is carried out with great effort, from cycle to cycle.

Children, today I tell you this, so that you understand and become aware that each new encounter, wherever it is, is the only opportunity to reach the expected redemption for a part of humanity, for a specific region of the planet or a group of consciousnesses.

It is all part of a great Divine and Spiritual operation.

I thank you for responding to my call!

Who blesses you

Your Mother Mary, Rose of Peace
