DAILY MESSAGE OF CHRIST JESUS, TRANSMITTED TO THE VISIONARY FRIAR ELÍAS

The silence of the heart can say many things to the soul and this silence can calm down the mind and the hurt feelings. For this, only through Me will the disciple find the strength to continue walking among the stones and the thorns of the path.

My Luminous Heart will always provide you with wisdom, but only when you renounce to what you believed is bad. In this time the only path is Divine Love. If you do not invoke nor live by means of this Love of God, few will be able to bear the universal currents that will remove the mistakes in the many hearts.

A good heart bears all of the fires, but the fire of human friction destroys and separates the essences. This is one of the fires that many souls live because they lack the Divine Love of My Father.

Be seekers of this Love that heals and redeems all. Be brave in order to face the tests that I send to you day by day. The only thing that I ask you is that you love one another as I loved you, and as I continue to love you because in this positive and divine Love evil will not enter, as the enemy, if it were touched now by the Christic Love, would be redeemed and the world would be another.

Humanity still has much to learn until it recognizes that without God nothing can be done. Only Love constructs the new and oncoming times.

Under the Love of the Father, be blessed.

Thank you for searching for the Divine Love of God!

Your Peace maker, Christ Jesus
