DAILY MESSAGE OF THE GLORIFIED CHRIST JESUS, TRANSMITTED IN BOGOTÁ, COLOMBIA, TO THE VISIONARY FRIAR ELÍAS DEL SAGRADO CORAZÓN DE JESÚS

That which is at the center of your being is the most important to Me. Thus, what is to be found there must be protected and safeguarded from the influences of these times.

Most of humanity ignores such existence, that lies at the center of each being. For this reason, people are disconnected from spiritual and inner reality.

This is the time in which the center of each being is very exposed, and only the principles of prayer and of universal life will keep the being protected from those influences that completely blind the consciousness to higher life.

Therefore, in such cases, it is necessary to use the intelligence of the spirit and, beyond the attacks or the constant influences, it is important to not allow yourself to be thrown or intimidated by those stimuli, that only come with the purpose of withdrawing the being from its true path.

In protecting the center of the being, from oneself and from external influences, the necessary fortitude will emerge for being able to go through these moments that exist to discourage the human project.

One must never cease to aspire towards the Heights, for in this way you will allow the cosmic currents of the Light to always come in to assist.

I thank you for keeping My Words in your heart!

Who blesses you,

Your Master and Lord, Christ Jesus
