DAILY MESSAGE OF THE GLORIFIED CHRIST JESUS, TRANSMITTED IN POTRERILLOS, LUJÁN DE CUYO, MENDOZA, ARGENTINA, TO THE VISIONARY FRIAR ELÍAS DEL SAGRADO CORAZÓN DE JESÚS

I trust in those who, from the beginning, made the commitment to fulfill the Plan, and especially in those who committed to Me in order to make the presence of Divine Energy possible upon the Earth, because all are already aware that if there were no apostles of faith and commitment, the Plan would not be possible, and humanity would run many risks.

For this reason, today I am reminding each one of you of what you affirmed before the Lords of the Law, which is something unarguable, for if it were, you would never have found this spiritual path of pure Christification and you would not even have met Me, and perhaps you would be feeling a personal freedom to do and carry out many things, but you know that you cannot because you would be forcing your own destiny and the inner, as well as outer consequences, would be very serious.

Nobody can put a purpose, that is really unknown to them, at risk, nor can you allow your heart to remain tepid in the face of the reality and the consciousness that the Hierarchy brings, because that also, sooner or later, has irrevocable consequences.

Maturity must not be only spiritual; maturity in light of the commitment must be manifested on the three planes: spiritual, mental and material.

When for some reason you are not consistent with Me, in truth you are not responding to the Plan, and to all that is beyond that Plan, which is something infinite and is a Grace that, through Love, brought you to be here.

Each day be more responsible and less immature, otherwise the change of the entire human consciousness in these end of times will suffer its consequences.

I thank you for meditating upon what I tell you, for Your Lord already has less time and space for talking, before all is unleashed.

I thank you for keeping My Words in your hearts!

Who blesses you,

Your Master and Lord, Christ Jesus
