WEEKLY MESSAGE OF MARY, ROSE OF PEACE, TRANSMITTED IN PIRIAPOLIS, MALDONADO, URUGUAY, TO THE VISIONARY FRIAR ELÍAS DEL SAGRADO CORAZÓN DE JESÚS

As Mother and Lady of the Nativity of the Lord, I prepare praying hearts so that, during this end of the year, the consoling Love that My Son Jesus brings to you can be reborn with greater consciousness. This divine Love that was and is capable of giving life for all, to generate, also within these times, the redemption of the human race.

Therefore, My children, with My rosary in My hands, we will prepare in prayer and devotion, trusting in the Birth of Christ as Light in the heart of humanity and as spiritual Protector of families.

So that this may be achieved, I come on this day to tell you that I will accompany you in this important exercise of the special novena for the reconsecration of families, so that the principle of the universal family and its attributes may be the light that guides and conducts the families of the world; knowing that this special novena that will be prayed will collaborate in the union and understanding that should be lived by families, that in this time go through division and lack of love.

May each bead of prayer that will be offered for the needy families of the world be a star that ignites in the heart of the soul that needs help.

May this novena be the great offering to be placed at the Feet of the Creator for each one of My praying children.

From here on, I will be very thankful for all sincere offerings that will be delivered in each prayer.

For the union of families, I thank you for responding to My call.

Who blesses you,

Your Mother Mary, Rose of Peace
