DAILY MESSAGE OF MARY, MOTHER OF THE DIVINE CONCEPTION OF THE TRINITY, TRANSMITTED TO THE VISIONARY FRIAR ELÍAS DEL SAGRADO CORAZÓN

Pray with love and purity in every moment of life; through this path you will remain inside My Immaculate Heart.

Today I invite you to the inner preparation for the new cycle that is coming. For this, My little ones, you must continue praying with the mission that many of My children be redeemed by the Glorious Light of My Love. I pour over the hearts the Graces that come from My Celestial Father so that they may be strengthened and give themselves without tiredness, out of love for all the souls that are blind.

I invite you to remember the origin and the beginning of My original purity that was announced by the Archangel Gabriel. I am blessed and immaculate amongst women because I bring the Message of Peace to all hearts and to all souls.

Therefore, My dear ones, be as blessed as My Heart is, and unite in fraternity and compassion that which the hearts of some people have separated from God. Cultivate the seed for the coming time and let us pray together so that My Peace may be established in the hearts that are alone.

I call you all, and in each moment I wait to find you united to My Immaculate Heart. Unite your hearts to My Heart so that My voice of Mother may resound in them.

My little ones, as so many years have passed, in humility, reverence and love I invite you and call you to prepare the birth of My Son so that more Light may be ignited in the souls that are distant from His Most Sacred Heart, preparing in this way His celestial return. I bring all the hearts under My Mantle so that they may be elevated like roses to God. Find purity in your inner world: I will help you. Let us pray for Peace. My Kingdom will come to the assistance of the little hearts.

Who shelters and guides you always with heart and soul,

Mary, Mother of the Divine Conception of the Trinity
