DAILY MESSAGE OF MARY, MOTHER OF THE DIVINE CONCEPTION OF THE TRINITY, TRANSMITTED TO THE VISIONARY FRIAR ELÍAS DEL SAGRADO CORAZÓN

My Heart radiates Light and Love to all the little hearts that on this date in the world celebrate My Maternal Presence.

It is important, dear children, that all hearts remember the daily sacred exercise of contemplative prayer and the weekly exercise of fasting for peace. In this way, My little ones, you will be uniting your hearts for the love of all the children who do not listen to God, do not adore God and do not love God.

My little ones, I come from the One and Only Heaven to announce to your hearts that the preparation of the heart in this final time will be quick, fast.

I want to tell you, My dear ones, that all of you, day after day, must love the inexhaustible source of prayer and of giving of self. In this way you will assist many of My children to once again approach My Immaculate Heart.

Keep vigil in each moment for the union of each heart with My Maternal Presence. Now has come the time for all of you to love your fellow humans truly, despite the facts of life. In this way you will be fulfilling in fraternity the parables that were proclaimed once by My Son.

On this day, direct your hearts to the Most Holy Heart of Christ. Prepare your dwellings so that the flocks may enter, and that they may establish the new Light of Christ in your hearts and in those of your brothers and sisters.

Who will be the new flocks?

They will be the children that will wake up to the Light of the events, and who will radiate the Infinite Love of Christ. Through the paths of the Redeeming Master, you shall find shelter in your dwellings.

Who loves you always and accompanies you wholeheartedly,

Mary, Mother of the Divine Conception of the Trinity
