MESSAGE FOR THE APPARITION OF MARY, ROSE OF PACE, TRANSMITTED IN THE MARIAN CENTER OF AURORA, PAYSANDÚ, URUGUAY, TO THE VISIONARY SISTER LUCÍA DE JESÚS

When the Creator thought of the human Project, He contemplated from the start upon the possibility of His making of Himself a creature among His creatures.

The human beings were created among so many other beings and civilizations of the Universe, to express something that none of them had expressed.

They were created to unite dimensions, to express the love that overcomes the limits of all existence, and this allows beings to unite with God. They were created to express the essential likeness with the Father of all life.

The human purpose is great, and for this reason, My children, it is not attained in a simple way, although everything can occur with the awakening of consciousness and the firm decision of loving without conditions and surrendering everything for this purpose of entering the divine mysteries within one's own heart, like in the infinite Cosmos.

Living the human potential seems to be something impossible, because most beings have not opened to truly experience the Love of God, which they are capable of finding and feeling within themselves.

I have taught you to pray, so that in this way you might cross the doors of your own heart and, little by little, you might discover the possibility of uniting with God, to feel Him and experience Him.

When a being truly lives the Love of God, My children, even for an instant, this is enough to lead them to understand that any sacrifice, effort or renunciation, of things of the world and of human illusions, is small to attain the Eternity within this Divine Love.

God, knowing that His children were lost in their evolution and that they increasingly moved away from their purpose and truth, and in order not to allow humanity to again go astray, as had happened so many times, your Creator Father decided He would Himself come to the world and show them the way.

So immense and merciful was the impulse of God for humanity, an impulse never before given to any creature, neither in Heaven nor upon Earth, that the whole existence placed its eyes, heart and hope in this world.

Mystery upon mystery is the evolution of humanity, beloved children, where the errors of the past and the history of ancient universal consciousnesses stop, so that a story of redemption and the revelation of the Love of God for all life may begin.

No being of this Earth, while being alive, has yet been capable of understanding themselves and entering both into their origin and into the true potential of their essence. Only after this life were those, who received from God the possibility of living the experience of love in this world, capable of perceiving the opportunity they received.

But today, My children, you are called to live the greatest miracle of this time and of all times, the miracle of the awakening of consciousness; the miracle of the union of time; the miracle of understanding what you were before coming to this world and what is the essence and the purpose of your lives. You are called to live the miracle of Science and the Divine Wisdom, to communicate to the world His Truth, not only with the word but, above all, with your own lives.

More than two thousand years ago, at the request of your Creator, I gathered the disciples and companions of Christ so that the Consoling Spirit might pour out upon them. Its mission was to announce the Good News of the arrival of the Messiah and to manifest, in the consciousness and in the history of humanity, the presence and the example of God amidst humanity.

Today, I gather you so that the Consoling Spirit may give you strength, may awaken in you the Gift of Science, which becomes wisdom and discernment. Science to awaken, beloved children; science for you to know what to do and how to become responsible, not only for your own redemption, but also for sustaining this world in transition.

While My last words echo throughout the world, I pour upon you Graces amid Justice, I bring you Gifts among corrections, because it is necessary that you are corrected, but it is also necessary that you awaken and fulfill the Purpose of God.

Just as the Creator came to the world while humanity was straying from its purpose, and He showed them the Way, the Truth and the Life, He will come again, My children, to show you the revelation of Love within chaos, to show you the awakening of Truth during the apex of the illusion of human suffering; He will come so that you may know how to unite the times and the dimensions, and thus you may do it, not only in this world, but in all of Creation, because not only does the Earth need redemption, all life must learn to return to God, and this will happen through the fullness of your lives and the expression of what you truly are.

I love you, bless you and, with the deep humility of My Immaculate Heart, I thank you, so that you may learn that, through gratitude, Heaven opens and the Creator touches all hearts of the world.

Your Mother Mary, Rose of Peace
