MESSAGE FOR THE SPECIAL APPARITION
IN THE MARIAN CENTER OF THE HOLY SPIRIT, CORDOBA, ARGENTINA
TRANSMITTED BY THE MOST HOLY QUEEN OF PEACE TO SISTER LUCÍA

Dear children:

With joy I come to your encounter to announce a time of great peace upon the world, for those hearts that are willing to live the tests of life with faith and in peacefulness.

My children, on this day I say to you that the world filled with peace is in the interior of each one of your hearts; the world of tribulations must live outside of your inner dwelling.

It depends only on each soul, on the bravery of each spirit, so that peace may be installed in this world. For this today I say to you to walk in the direction of My Kingdom of Peace; and do not permit that the external tribulations nor the internal ones to destroy the peace that My Heart has established in yours.

My dears, as Mother and Queen of Peace, I come to recruit My soldiers, those who will permit that the Celestial Kingdom may descend upon the Earth, and for this, each one of your beings must live internally inside this Kingdom.

Once again I ask you that you do not feed conflicts and that you do not be involved in the difficulties of this world, because the Plan of God is much greater for your lives. A Plan that until today humanity cannot even begin to see, but already the time has come to take this leap, and abandon the little things of life, so that the heart is returned to the Heights.

Today I want that you contemplate with the eyes of your hearts the primordial task of a Marian Center. I want you to rejoice your souls, because My plans little by little are being accomplished; together with Me place your hearts in the goal of Redemption that you must reach.

Contemplate the Love lived by the Sacred Family, and with spirit united to the Holy Spirit, walk towards the experience of this archetype of life upon the Earth. If only you aspire to live as lived the Sacred Family, the Lord will send His help so that you may take great steps on this path. But it is necessary to have complete Faith that this is possible, and to not retain the old clothes that this planetary moment is discarding.

If the moment asks you to let go of yourselves, My dears, do not fear doing it, because one has to cross a threshold between the Old Human and the New Child, and for those who refuse to transform themselves, this threshold will be painful. As for those who open their arms and let themselves be transformed by the Divine energy, help will come to them, and Grace will make their transition soft.

Today I thank you for coming to My encounter, and for helping My mission of Planetary Liberation.

I love you always.

Mary, Mother and Queen of Peace
