**DAILY MESSAGE OF THE GLORIFIED CHRIST JESUS, TRANSMITTED IN THE MARIAN CENTER OF AURORA, PAYSANDU, URUGUAY, TO THE VISIONARY FRIAR ELÍAS DEL SAGRADO CORAZÓN DE JESÚS**

Where the Hierarchy is present, spiritual work can be carried out. Where the Hierarchy is not present, that work would require a great effort to be accomplished.

Where the Hierarchy is present, there are cyclical impulses that are given to concretize certain goals. Where the Hierarchy is not present, those impulses do not exist, because those impulses, which come directly from the Universe, are given by the Hierarchy itself.

Where the Hierarchy is present, laws, rules and protocols are followed so that, where the Hierarchy is present, it may be possible to learn to contemplate that which is smallest to that which is largest. Where the Hierarchy is not present, it is difficult to establish a protocol, a rule or a law that all are able to obey, because it will always end in something very concrete and human.

Where the Hierarchy is present, the different rays can be expressed; not only the material rays, but also the non-material rays, and this movement of the rays can be inwardly related to the virtues and the gifts of the servers that work with the Hierarchy. Where the Hierarchy is not present, the presence of the rays is not possible, because the Law is not present and the ideals or the preferences of those who participate prevail in a project that is not supported by the Hierarchy.

Where the Hierarchy is present, a government exists, an important and basic organization that allows projects to be accomplished according to what is established by Greater Laws. Where the Hierarchy is not present, a government exists that is generated and built by personal preferences, mental projections that are not based on equitable benefit, but rather on the fixed idea that tends to crystallize, or to subject a concrete form or a group of people.

Where the Hierarchy is present, there is divestment, constant surrender of personal will, trust in the unknown and love for the divine and cosmic Plan, all based upon continuous effort. Where the Hierarchy is not present, there exists personal advantages, systems or ways of governing a project that is led by the temperament, the ego or a limited vision of reality.

The basis for being in the Hierarchy is faith, and it is to open so as to be guided by the Greater conduction.

I thank you for keeping My Words in your hearts!

Who blesses you,

Your Master and Lord, Christ Jesus
