WEEKLY MESSAGE RECEIVED IN THE NUCLEUS OF FIGUEIRA, CARAPICUÍBA, SÃO PAULO, BRAZIL, TRANSMITTED BY MARY, THE HOLY MOTHER OF GOD TO MOTHER SHIMANI

Beloved children,

Today I want to talk to you about how you must learn to donate yourselves to your brothers and sisters in this time.

Each time that one of My soldiers forgets about themselves, about their own needs, aspirations and urgencies and runs to the help of another of My children, a celestial door is opened, so that through each is poured that attribute or Grace that this soul needs.

If, besides, this action is done for someone unknown many doors are opened because the Kingdom of the Heavens understands that one of the main values that Jesus taught is being activated in the heart of humanity and the Celestial Kingdom is being prepared for a great task.

In each action of the day by day you can be mediators between Heaven and Earth, simply by putting others first.

For this today I come to ask you to enter into the higher school of total donation of oneself so that you may find in the abnegated service a path of transcendence for yourselves and a glorious channel of Piety, Mercy and Grace for each one of your brothers and sisters.

If each one of you performed this task, even if it were with only one brother or sister each day, no matter how insignificant that service could be, to the Eyes of God the Father it has a great importance because it shows that His Creatures are learning from the message that His Son left for humanity.

If the donation of oneself were installed in the consciousness of all of My soldiers as prayer has been installed, great changes would be carried out in humanity as more Graces would descend from Heaven and more souls would be rescued.

The school of higher donation is open and I Am inviting all of My children to enter into it and to learn that without donation will not occur deep changes in the consciousness of humanity.

Only through these changes will be able to be formed the new race, the race that today you are seeds of and that I Am taking care of so that they may sprout and give fruit.

Meditate on My words, My children, meditate with the heart.

I love you and I bless you today and always.

Lie in My Arms and reflect.

Mary, Mother of donation, of service and of charity

Peace.
