MESSAGE FOR THE SPECIAL APPARITION IN THE CITY OF CAMPINAS, SAO PAULO, BRAZIL, TRANSMITTED BY MARY, QUEEN OF PEACE TO THE VISIONARY FRIAR ELÍAS

Dear children,

I want that today you dedicate special attention to My call for Peace. Even though your hearts may already understand that which I tell you, the true Peace, that which springs from your hearts, is still not managing to be radiated to all the Earth.

For this, as Your Little Mother of the Most Holy Peace, today I invite you again to reinforce your commitment with the Peace of God. I want to tell all of My children that Peace exists. Peace lives eternally in the essence of your hearts because through the path of Peace you will encounter the path direct to the Peacemaker Heart of My Son.

I need that you grow up and live inside of the School of Peace, that which I propose that you seek, because the true Peace will aid you and will give you strength to live the conversion and the redemption of your lives.

Heaven sends on this day the Messenger of Peace because the world is day by day losing the innocence that once it achieved before the eyes of God. As I come from this beloved world, My Immaculate Heart has interceded for centuries for all of humanity.

I want that your lives be able to exercise an action of Peace so that the Fraternal Love may be the alliance that perfectly unites you to Your Beloved God, the Lord.

Today I especially return to the city of Campinas due to the special attention, love and devotion that My children from the groups of prayer have given to Me.

For this I come month by month to Brazil, because My Heart of Mother and of Pilgrim considers this nation, that sheltered Me for such a long time, as My second house on the Earth. Only through an act of Spiritual Peace of the part of all of the dear Brazilians, will America be able to consecrate itself to My Immaculate Heart.

Beloved children, you will thus be able to understand why from Fátima, Portugal, I announced to Lúcia dos Santos that in the end of times Brazil would have a very important spiritual task with Me and with My Most Beloved Son Jesus.

Now all of My dear children from the brotherly nations will be able to understand how My Marian task of Peace, of Conversion and of Forgiveness has been united to you from the beginning of the first apparitions in Fátima, Portugal.

What I mean, what I want to reveal to you, that America, by means of Brazil and together with Merdjugorje, in Bosnia Herzegovina, will be able to help in the conversion of all of Europe, of Asia and of the East, to My Immaculate Heart.

As a Mother I pour My sacred aspirations over you, those that today you know and that are part of the preparation to wait for the return of Christ to the Earth.

Beloved children from Campinas and from all of Brazil,

Thus I invite you to understand the mystery of My divine purpose before God and in this way I bring to all of you a humble invitation so that you may help Me to fulfill My peregrination of Love, of Peace and of Redemption to the other countries of America, that which will begin in the month of January of 2014 by the Andes, to Central America, in Nicaragua and the Dominican Republic, closing My Mission in the city of San Juan, in Puerto Rico.

Dears, I thank you for your constant effort!

Who loves and blesses you for this special day.

Your Mother Mary, Queen of Peace
