DAILY MESSAGE OF MARY, ROSE OF PEACE AND LADY OF CZESTOCHOWA, TRANSMITTED IN THE CITY OF KRAKOW, POLAND, TO THE VISIONARY FRIAR ELÍAS DEL SAGRADO CORAZÓN DE JESÚS

As Mother of a flagellated homeland and marked by mankind's perversion, today I unite you, for the first time, before a scenery that has been rebuilt by the faith of My children in Poland, but a scenery that has not shut itself. The feeling of invasion and disappearance of the race still inhabits the hearts of the children of Poland.

So many have migrated seeking peace and solidarity!

Today, after more than fifty years, the Virgin of Czestochowa returns to the heart of Poland to infuse peace and the definite closure of that human and spiritual wound, which has marked the destiny of millions of souls.

It is for this reason that My Son will come first, and secondly, His Mother will come in order to remind all of Poland that its people, its culture and society are still present in Our Holy Hearts. This new cycle of humanity, the Mother of God will ask all Her loyal followers and worshippers to set here a field of service and prayer so that more spiritual wounds be closed.

The revival of Poland is still to occur and it will be important that the ecumenic Christian spirit expands over these people, once within the people of Poland there is opening for this union to be able to establish itself.

From now on I thank the company of all those who make the effort of arriving in Poland, because if Poland is repaired, all of Europe will be repaired and new Grace will be poured on this part of humanity.

I thank you for answering My call!

Who blesses you,

Your Mother Mary, Rose of Peace and Virgin of Czestochowa
