DAILY MESSAGE OF THE GLORIFIED CHRIST JESUS, TRANSMITTED IN ALTO PARAISO DE GOIÁS, GOIÁS, BRAZIL, TO THE VISIONARY FRIAR ELÍAS DEL SAGRADO CORAZÓN DE JESÚS

Sacred spaces within nature, of this planet, emanate principles and energies that elevate the consciousness, and when they are protected, these sacred spaces help the soul to find its path of return through inner contact.

Sacred spaces hold spiritual treasures that are present there in order to prepare the emergence of the New Humanity.

These sacred spaces are the cradle of many inner treasures, and the Kingdoms of Nature themselves are the true guardians of all these relics.

The sacred spaces attract to the planet an awakening of the sacred and allow human beings to enter into communion with Creation. In this way, they begin to recognize the Higher Laws and the Laws of Consciousness which, from the beginning, formed all Creation of Universal life.

The sacred spaces are places where a revelation could emerge and manifest.

I thank you for keeping My Words in your heart!

Who blesses you,

Your Master and Lord, Christ Jesus
