DAILY MESSAGE OF THE GLORIFIED CHRIST JESUS, TRANSMITTED DURING THE JOURNEY FROM SAO PAULO TO THE MARIAN CENTER OF FIGUEIRA, MINAS GERAIS, BRAZIL, TO THE VISIONARY FRIAR ELÍAS DEL SAGRADO CORAZÓN DE JESÚS

While a chalice is elevated for consecration, the Divine Codes are placed within it so that its content may be transubstantiated and changed into the Blood of Jesus.

Each time a chalice is offered upon the altar for the consecration and the sorrowful Passion of your Lord is remembered, Graces descend and, in this moment of profound celebration and intimate communion with the aspects of Christ, the souls have the Grace to receive an absolute forgiveness and the opportunity to be renewed through the revelation, in this case, of the most precious Blood of Christ.

Each time a chalice is offered and is elevated in remembrance of the Passion of Jesus, the priestly life of the planet is renewed and all that is corrupt becomes incorrupt through the Grace that the Blood of Jesus brings.

Each time you are present among a new eucharistic celebration, you must remember that the value, power and strength of the Blood of Christ and of all Its merits allow an atonement to be granted to whom needs it and repents from the heart.

I thank you for celebrating with your heart the Sacred Mysteries of Christ!

Who blesses you,

Your Master and Lord, Christ Jesus
