DAILY MESSAGE OF CHRIST JESUS, TRANSMITTED TO THE VISIONARY FRIAR ELÍAS

In the face of the movements and the tests of life, My Mercy is present to help you purify your fears and the limitations that imprison you from the actions of the past.

Today I am here to remind you that, in spite of all, you must be united to the greatness of My Heart; in this way you will walk safely, taking the steps towards the Lord.

I come in this time to purify you, and to consecrate you to My Sacred Heart; between these two processes, purification and consecration, you will be able to see all of that which the time has come to be retired from your lives, because in this way I will enter in you.

Remain in Peace.

Under the Good of the Father, be blessed.

Thank you for seeking the Love of My Heart!

Christ Jesus
