SPECIAL DAILY MESSAGE OF CHRIST JESUS, TRANSMITTED IN THE CITY OF LONDRINA, PARANA, BRAZIL TO THE VISIONARY FRIAR ELÍAS

Most dear pilgrims of mine,

For the first time in the history of My inner Encounters with you My Heart is pleased to open new doors of Light and of Peace for more souls.

For this in joy and gratefulness the Son of God will be present praying with you, for you and for the whole world so that most of the world may reach the state of My Divine Mercy.

The Lord of the Universe has especially sent Me to Londrina so that the original groups of prayer, those that were born in the Community of Figueira many years ago, may be able to renovate themselves and to enter into the path of the heart because in this time all that you do must be done through the true love of the serving heart.

I want you to contemplate the sincere expression of this love through the faithful example of work, of dedication and of absolute surrender to the Plan of God that occurred through the groups of prayer of San Jose do Rio Preto and of the region of San Paulo. Then you will be able to see that the souls can be helped and receive the Graces of Heaven when the servers of the Hierarchy open doors in the correct way. This, in this time, will determine the fulfillment of the Plan of Rescue.

Heaven, through My Heart, wants to show you that there exists one only path to traverse. A path that is called love of donation and of dedication. Love that many of you have once radiated towards My Heart even though in other times I may not have been so present in your lives as I Am now.

But all that has been learned by the spiritual instruction of the past has generated the possibility that now Heaven is giving you the fruit of faith and of peace for your sincere efforts. You know that the whole world is full of emergencies and of needs to respond to. For this the universe, in its infinite science and intelligence, has conjugated the different groups of souls so that through affinity and attunement they can serve the Greater Plan.

Now it is up to each server and person of prayer person to fulfill a part of the mission so that at the end of this whole journey may be fulfilled the important purpose of God.

Londrina was a city chosen by God so that the groups of prayer in this region could be able to retreat and meditate and pray, two important exercises to strengthen service.

Spiritually Londrina, due to its hills and farms, reminds Me much of My first house in Nazareth. In Londrina exists the air of simplicity and of withdrawal. For this it may be a point of meeting and of meditation for whenever the servers may need to be in retreat to pray and to study with the heart.

The fifth Marathon of the Divine Mercy in Londrina shall bring the fruit of the unity between groups of souls, because the region of South of Brazil must prepare itself to serve in the coming time in a task of rescue and of regional service.

For this the Divine Messengers, after having been during the previous year in Porto Alegre, return with the goal of reminding you all about the need of renewing oneself and of keeping alive the mission that the Father offers to you.

This will be the mission of unity between all of the regions of the South, concentrating themselves as one only spiritual column of fraternity and of brotherhood. Today the South of Brazil, within a time of definitions, has the opportunity to manifest this for the Plan of God.

May the fifth Marathon of the Divine Mercy represent not only a meeting of prayer necessary for the Mercy for the world. May it synthesize the reunion of servers and of hearts in Christ with the hope of collaborating, out of love, with the Plan and its materialization upon the Earth.

The fifth Marathon of the Divine Mercy, that which is open for the first time to all, has the aim of gathering new people of prayer and, in consequence new flocks that may be able to begin the path of return to the Heart of God. My unconditional Presence will be for you the confirmation for your tasks of prayer and of service in this part of the world.

Today I leave to those present My Paternal Hug, that hug of a Master to a disciple, of a Companion to a friend, a hug that nourishes the soul with life and with hope. I wish all a good work of prayer and of peace for your hearts and for the whole world.

That the Divine Mercy may be the unquenchable flame that always burns in light and in love.

Under the Mercy of God, be blessed.

Thank you for guarding My Teachings in the heart!

Christ Jesus, Your Lord of Love
