DAILY MESSAGE OF THE GLORIFIED CHRIST JESUS, TRANSMITTED IN REDWOOD, CALIFORNIA,, UNITED STATES, TO THE VISIONARY FRIAR ELÍAS DEL SAGRADO CORAZÓN DE JESÚS

Series: The Sequoia Trees - Part V

The giants of the Temple of the One Thousand Portals were contacted for more than hundreds of years by the hermits and yogis of the East.

Many of them came to be before the Sequoia trees during their meditations, even though they were far away, hundreds of miles away.

There was no impediment for the hermits or the yogis to enter into communion with nature because the power of spiritual attraction of the Sequoia trees allowed for a rapid inner contact to be maintained with the Source.

For this reason, they reached the great celestial heights. Their growth and expansion always sought to reach the soul Universe of God.

The Sequoia trees have always offered themselves so that the human being could access super-stellar levels of consciousness through them and, from there, receive the inner impulses that souls need for feeling that they are within the path of God.

The hermits of the past, as well as the yogis of the East, understood the science and philosophy of Creation and they knew that each Kingdom is present to fulfill a primary function within universal evolution, and that the trees, mountains, rivers or animals are not just inferior creatures, but rather, the hermits and the yogis discovered that, in reality, the spiritual and soul beauty of the Kingdoms of Nature existed forever to teach the ignorant humankind of the surface.

I thank you for keeping My Words in your hearts!

Who blesses you,

Your Master and Lord, Christ Jesus
