DAILY MESSAGE OF MARY, ROSE OF PEACE, TRANSMITTED IN THE MARIAN CENTER OF AURORA, PAYSANDU, URUGUAY, TO THE VISIONARY FRIAR ELÍAS DEL SAGRADO CORAZÓN DE JESÚS

Do not think that all is lost. Affirm and confirm the triumph of the Light in each new stage.

Thus, under this principle, live without ceasing to aspire every day to experience the Truth because the Truth will set you free.

Therefore, encourage yourself to follow this current of Truth so that the world will also be freed from its prisons.

The more souls are true and honest, the greater relief the consciousness of the planet will receive in these times.

Believe, above all, in the power of Love; for Love conquers, but at the same time heals without leaving wounds.

Submerge yourself in that Source of the merciful Love of the Lord and allow Him to fully invade you with His Rays of Mercy and Forgiveness.

But always accept your condition and with sublime effort ennoble every aspect of life, for then everything will be relieved from the beginning to the end.

And tomorrow you will see that everything happened quickly, that you are a different person and that you live according to Divine Consciousness.

Everything has its time to be healed, everything has its time. It is already planned. Have faith.

I thank you for responding to My call!

Who blesses you,

Your Mother Mary, Rose of Peace
