**DAILY MESSAGE OF SAINT JOSEPH, TRANSMITTED IN THE CITY OF TUSAYAN, ARIZONA, UNITED STATES, TO THE VISIONARY SISTER LUCÍA DE JESÚS**

Be a guardian of all the impulses that you receive from God, cultivating within your heart that which draws you closer to His Truth and His Graces.

With silence, defeat adversities, with prayer, keep your consciousness elevated, and with eternal gratitude, constantly open the doors of the Universe, as well as to Infinity.

Child, be a guardian of all you receive in the name of humanity. Let each impulse reach your consciousness as something that pushes you toward the path of ascension, so that each day you are more within the Time of God and outside the time of humankind.

In your heart cultivate the good and the love for the Divine Purpose and leave the things of the world, which are no longer for you, to those who are still lost.

The impulses you receive come, in this time, so that your heart may be a doorway toward higher life. For this reason, keep your consciousness focused there, united with the subtle worlds, united with the Truth of God, united with the celestial mysteries that are revealed behind the veils that continue to be torn in these times.

Cultivate faith and hope, in spite of all that is taking place in the world. And even though life around you may seem so distant from what is real, do not suffer, rather simply walk toward what is High.

Do not let your mind be confused with the illusions of the world, which seem so real. There is a greater Life, there is a higher Purpose, there is a reality drawing closer to Earth and this is where your heart must be.

You have My blessing for this.

The Most Chaste Saint Joseph
