DAILY MESSAGE OF SAINT JOSEPH, TRANSMITTED IN THE CITY OF TUSAYAN, ARIZONA, UNITED STATES, TO THE VISIONARY SISTER LUCÍA DE JESÚS

Each day, hold within your heart each small or large understanding, each key that the Creator gives you so that you may open doors and deeper chambers within yourself.

Be like a heart that cultivates all the impulses that it receives and thus builds the gardens of your own redemption.

Into these gardens, child, many souls will come, poor and empty, to be inspired by the perfume of your flowers, to remember their own inner beauty by means of the beauty and the expression of the flowers of redemption, cultivated by you with love.

Know, in this way, how great the service is of the one who, in spite of difficulties within themselves, continues to go deeper, continues offering to God their own surrender.

Great is the service of those who walk, even in the void, of those who seek God in solitude and who remain standing, simply through the certainty of His silent and hidden Presence.

In your heart, take each small and great sign and open a deeper door within yourself. If you understand something, meditate upon that and enter there with all that you are. Love unravelling your own mysteries, because it will be in this search for the unknown and deep universe that is within you that one day you will know the true dweller of your heart.

And as it is said in the sacred books, the Truth shall set you free, child, because the Truth is the unity with God, beyond errors, beyond paths, beyond illusions. But it is not enough that I tell you all these things. The Truth will make you free when you experience meeting with it in your own heart.

For this reason, go on more profoundly.

Do not get tired of searching, even if it is in darkness. Do not get tired of continuing onward and of cultivating the seeds of the divine impulses within your heart. Be a gardener of the new time.

You have My blessing for this.

The Most Chaste Saint Joseph
