DAILY MESSAGE OF THE GLORIFIED CHRIST JESUS, TRANSMITTED DURING THE JOURNEY FROM CHICAGO, UNITED STATES, TO TORONTO, CANADA, TO THE VISIONARY FRIAR ELÍAS DEL SAGRADO CORAZÓN DE JESÚS

Fiery Bases of a Community and Group Life - Part VII

In a Community, there should be a spirit of unity and of peacemaking so that, on that path, each member can allow the best of themselves to flourish and bring it to the path of evolutionary building.

The Community is formed as a diverse spiritual family, as a mirror of the original Project of God for the sacred peoples.

In this diversity, the beliefs and the ways on how to carry forward a Community must be transcended, thus, disagreements among its members will be avoided.

The values previously detailed, which the Community must live, will gestate new attributes in the consciousnesses so that, on that path of formation and learning, souls may begin to perceive not only their virtues, but also the Grace that attracted them to start living a different life that makes it possible to add values, even within daily routines, but, mainly, so that the consciousnesses may be filled with spiritual virtues that, with time, will attract neutrality and patience, which will show that which is wonderful in each being.

The spiritual family that forms a Community will achieve unbreakable unity by means of the consideration for the one who transforms and tries, every day, to live something new and profoundly evolutionary.

The members of the Community are the inner brothers and sisters of that soul that is slowly transforming, or that can also take a leap in its process of redemption.

The Great Brotherhood is the spiritual archetype that the Community must achieve so that, someday, it may be conscious of fulfilling the Aspirations of God.

I thank you for keeping My Words in your hearts!

Who blesses you,

Your Master and Lord, Christ Jesus
