DAILY MESSAGE OF THE GLORIFIED CHRIST JESUS, TRANSMITTED IN TAHLEQUAH, OKLAHOMA, UNITED STATES, TO THE VISIONARY FRIAR ELÍAS DEL SAGRADO CORAZÓN DE JESÚS

Fiery Bases of a Community and Group Life - Part V

Only true love, which flows out from a humble and pure heart, will allow the heart to understand and realize the meaning and inner reason for why the life of a community is extremely important to God, as a part of His Project.

By having a humble heart, one is capable of going through the thresholds of personal ideas or moments of illusion that a consciousness may be experiencing.

In synthesis, love is capable of opening the doors toward wisdom, it is capable of overcoming mistakes and even hidden pain.

The Community must not only express its own life, but it must also be a future space where new seeds may germinate, which are the souls that come to awaken to inner life and to the possibility of demonstrating their virtues and talents.

It is in this way that the Community becomes a space rich in virtue and talent, and all these impulses of building and of daily dynamics elevate the consciousnesses of the members of the Community, allowing them to perceive, beyond needs, the fundamental essence of each stage of learning that may be presented.

The Community is a place to learn rather than to distort the new patterns of behavior. I am not speaking of extreme rigidity nor of militarism, I am referring to the possibility of moving from the commonality of humanity to the unusual, to that which is not commonplace nor static.

In this sense, the Community can express different schools, which will help its members so that they may learn to participate in that which is spiritual and internal. In this way, they will be able to perceive higher levels and interpret the signs of the stars, which are the symbols of the lessons and experiences that the Community itself can live. And, thus, they may understand what is learned in each cycle, so that this cycle may be renewed and expanded within the consciousnesses of all.

The Community is a space where souls will be able to perceive at which level they are, and how to continue advancing through their spontaneous awakening.

I thank you for keeping My Words in your hearts!

Who blesses you,

Your Master and Lord, Christ Jesus
