DAILY MESSAGE OF THE GLORIFIED CHRIST JESUS, TRANSMITTED IN TAHLEQUAH, OKLAHOMA, UNITED STATES, TO THE VISIONARY FRIAR ELÍAS DEL SAGRADO CORAZÓN DE JESÚS

Fiery Bases of a Community and Group Life - Part II

The spirit of a Community is the light that illuminates its life forever, following the principles proposed by the Hierarchy and allowing these principles to expand according to the need of the times and the cycles.

In order for the spirit of the Community to be immortal, its members must have achieved transcendence from that which is terrestrial and vulnerable.

The bases of the community, detailed in the previous message, represent this fundamental and unalterable support so that the design or the purpose of that community may be accomplished, knowing that the presence of the Law of the Hierarchy is important. In this Law, the members of the community will know how to be guided at all times, and, in turn, this Law will help them to base their lives upon that which is evolutionary and moral.

In this sense, the center of the Community is its spirit, which welcomes all those who arrive and allows them to be participants in all the impulses incarnated in the experience of group life and in the constant path of service.

Through the Law of the Hierarchy, the Community will never be helpless, it will not feel loneliness nor spiritual abandonment. On the contrary, the Law of the Hierarchy will provide its members with that which its members and supporters need to learn in order to grow inwardly, in their level of self-giving, of service and of surrender.

In simple words, the spirit of the Community avoids living based upon appearances, avoids the presence of irresponsibility, and, above all, it establishes love, which nourishes the consciousnesses so that they may confidently dare to take the inner steps that they need to take.

In the Community, awareness is lived and practiced, and that awareness allows it to reach other more expansive levels of understanding, of what the communities purpose signifies and the active participation, from all its members.

Thus, the spirit of the Community is not personalized nor is it concentrated in one person. All are possible instruments, and all can also be mirrors of the sacred impulses of the Hierarchy.

I thank you for keeping My Words in your hearts!

Who blesses you,

Your Master and Lord, Christ Jesus
