DAILY MESSAGE OF THE GLORIFIED CHRIST JESUS, TRANSMITTED IN THE MUNICIPALITY OF MILLE-ISLES, QUEBEC, CANADA, TO THE VISIONARY FRIAR ELÍAS DEL SAGRADO CORAZÓN DE JESÚS

Today I come to ask all the monasteries, religious houses, churches, sanctuaries and places of sacred Christian and ecumenical worship, that you display the Most Holy body of your Lord so that He not only be contemplated by adoring souls but so that in the spiritual planes the Most Holy Body of your Lord may carry out an inner task so as to bring relief to the current global health process that all of humanity is experiencing and so that souls may especially unite with the divine mysteries held in the Sacred Eucharist and, in this way, souls may be strengthened and protected by the powerful immunity of the Glorified Body of Christ, in which no evil can prevail or reign.

For this reason, I call upon all the religious places so that every day for fifteen minutes the Most Holy Body of your Lord may be displayed as a measure and a spiritual practice of protection and healing for souls so that any idea or thought against the wellbeing and the health of humanity may be deactivated.

You will carry out this request until April 15, 2020 and, if a longer time is necessary, I will let you know.

As from now, I am grateful for the response of those who will fulfill My Call.

Who blesses you,

Your Master and Lord, Christ Jesus
