**DAILY MESSAGE OF MARY, ROSE OF PEACE, TRANSMITTED IN THE MUNICIPALITY OF MILLE-
ISLES, PROVINCE OF QUEBEC, CANADA, TO THE VISIONARY FRIAR ELÍAS DEL SAGRADO
CORAZÓN DE JESÚS**

Dear children,

After much instruction and knowledge received, the consciousness needs to go inward, meditate and discern; in this way, a synthesis will be occurring, which will allow the server, after all the instruction they have received, to be at another point, on a new step for the concretization of their inner commitment with the Hierarchy.

This is the motivation and the reason why the instruction and knowledge of Universal Life descends to the planet. Its purpose is so that the consciousness may be more awake and that, through knowledge, the server or the collaborator may abandon the habits and customs of the ordinary life of humanity, the tendencies and ways of life that sooner or later lead toward suffering.

Instruction exists for the expansion of consciousness and, from that expansion, the next step is to make the heart and life available in the Hands of God.

In this way, the Universe will know it will be able to count on a server and that this server not only attentively listened to the instruction but that, through striving, they carry out all that knowledge into practice, without doubting that their soul is here to be in an eternal giving of self to God.

I thank you for responding to My call!

Who blesses you,

Your Mother Mary, Rose of Peace
