**SPECIAL APPARITION OF THE VIRGIN MARY IN THE MARIAN CENTER OF AURORA, PAYSANDU, URUGUAY, TO THE VISIONARY FRIAR ELÍAS DEL SAGRADO CORAZÓN DE JESÚS**

One of the revelations of the Mysteries of God is to know who His Consciousness is and from where all His creatures come, created in the image and likeness of the Creator, of all that exists in the invisible and in the nonmaterial.

It is with this revelation that I bring you My Peace, receiving from My children the warm love of their hearts for this time of renewal, of reconsecration to My Maternal Heart.

In the name of the Father, the Son and the Holy Spirit. Amen.

God is really something still unknown to the human being. The human being has to search for God in order to know Him, for they will thus receive His impulses and His Revelations; they will have the Grace and the opportunity of broadening their experience of love, of the path of forgiveness and of healing.

This is the main reason, My children, to have so many Children of Mary around Me, so that I may send you out to work in My Name, following the steps of Our Lord Jesus Christ in this long journey of service and ministry for the redemption and conversion of humanity.

This is the time, and it is the hour for all children, all creatures of God, beyond their beliefs, cultures or their peoples, to become a single flock to follow the Great Commander of the Universe, before the impulses of Light that My Heart sends you through the attributes of prayer, service, and fraternity.

Thus, today I do not only come for you, My children, but for a planet that becomes sick, day after day, that is in agony, that suffers, and that few hear this or perceive it. I am speaking about the consciousness of the planet, of this Sacred Home, of this beloved planet which the Father gave to His children so that they learn to experience it and adore it, through all that was created and expressed since the beginning.

The surface human being deviated from the purpose of God throughout time and generations. They misused the resources of God, they used power to conquer them and subjugated the Creation of God, destroying it right up to these times.

Now is the time to reconsider, My children, and may the light of your Christic essences be what gives you the impulse toward renewal and to change so that humanity can also be able to change and be renewed in this time.

If the response of all My Children of Mary could continue in the same proportion to the response of the call of God, the changes would soon come for humanity.

Adversity will not gain the Kingdom in this humanity because it will be defeated by the love and prayer of My children, which transforms and heals all things.

Today I wish to express, in few words, My children, all that God needs of His children in this time, but the Celestial Father also knows that each one of His children have their timing for experiencing transformation until they are able to achieve a maturity of consciousness and thus, live the Divine Purpose upon this planet and with this humanity in a real way.

With all of this I want to tell you, My children, that there is still much to do, there is much work and rebuilding to be done. In all the nations of the world they must still come to know Me by means of all the Children of Mary. There are many places that I still must reach to bring the relief and the love of My Heart to souls.

All of this will also be through the Children of Mary, and as much as the storm may arrive in the coming time, absolutely nothing will cause you to perish.

This will be the moment and the hour in which each one of your souls will be confirmed for the Plan of the Creator. It is for this reason that each Meeting of the Children of Mary is important to Me. Because once a year I am able to observe and contemplate how much My children in this time have grown, how many steps they have taken in the commitment to My Maternal Heart in order to carry forward the Sacred Will of God.

That is why I say to you again that there is still much to be done, there is much to sacrifice for, to surrender for, to give of self for, so that the Graces of Heaven may descend to Earth and be truly deserved by everyone, knowing that the love of God will always unite you and gather you together.

That the Love of God will be able to give you the peace and the wisdom to carry forward this great service for the planet and for humanity.

Today, on this special evening, I can say, My children, that I see the results of this experience of love in each one of you; not only in the commitment to the school of prayer, which must be something daily and permanent for these difficult times, but also in the commitment to service for others and the Kingdoms of Nature, which are also waiting for the love and pity from humankind of the surface that was taken from them by being mistreated Kingdoms, hurt and subdued for a long time.

That spiritual and inner wound, also generated in the lower Kingdoms, is the duty, the commitment and the responsibility of all the Children of Mary and of those who will someday be My children, of being able to heal that wound, applying the light of prayer and of service so that love may once again be given and donated to each one of the Kingdoms.

The commitment of My Maternal Heart is more than a commitment; it is the living of a Purpose still unknown to you that, every day, through the offering of your prayer and of your service to others, I try to draw you closer to that Purpose that was most precious thought of and meditated upon by God, before your origins.

So you will be able to understand, My children, that I am speaking to you about something really profound, which comes from the Heart of God, and that is donated time and again so that His creatures may awaken to the higher reality and thus be able to fulfill that which they came to do on Earth.

There is still time to come to know this Divine Will, which many call a mystery, but that today is revealed in simple and concrete words so that all souls, in spite of their evolution, may recognize

the purpose that comes from the Universe, from the Source of Creation, the Heart of the Celestial Father.

This is the time in which the Children of Mary, who are already consecrated, will be at the doorway of a new period of their lives, of a new commitment, of the deepening of that Divine Will, of responsibly assuming the small tasks that I give you through the Marian Centers and the Pilgrimages for Peace; as well as through the service that, in humility, you can offer in your homes, in your cities, as well as in your work places.

The Mercy of God must be in everything. You can never forget this, in this way, you will never lack wisdom and discernment, even though you may be experiencing a difficult moment or a very large challenge that must be overcome.

The Mercy of God in you and through you will always give you wisdom when you ask for it from the heart, in humility and in surrender, beyond your possibilities or your challenges.

Today, in simple words, I want to leave these requests of God, because our stage in the world will be ending shortly, and the armies must be well placed and available; all My children must support and elevate the Islands of Salvation that, as epicenters, will be home to the Marian Centers in order to be able to bear the end of times that will arrive with major climate and inner changes within humanity.

Everything that I have taught you will be of use to go through the end of times and so that you not be confused.

What We have taught you is very simple, and what you have achieved is quite a lot with such a short time for the experience. So you will understand, My children, the immensity of the potential that exists within each one of you, knowing that this potential, which in summary is the gift and the virtue of God, must be available for these critical times.

The time has come for you to give of yourselves so that humanity and the planet may be saved and the Return of Christ, with all of His power and victory, may be seen within the entire Planet.

My children, today I not only leave you My Blessing and the joy of My Heart because of your response, but also the commitment of living with responsibility that which God needs of each one so that His Will may be fulfilled within you and outside of you.

Listening to the hymn of your consecration, remembering the consecration of each one of My children, together, as Mother and child, in this moment, on this 12th of March of 2019, in which all souls that experience the consecration as Child of Mary, renewing yourselves and placing yourselves beside your Heavenly Mother at the Feet of our Father Mother Creator to again say "yes" to the Universe, to the Purpose, to the Plan, to the redemption and healing of humanity.

Today I will accompany you in the silence of My Heart, through the offering of this song, in the reconsecration of your hearts to My Immaculate Heart so that the nations of the world, especially those that most suffer the chaos of these times, may have happiness and the grace of wisdom upon receiving the Mercy of God.

I reconsecrate you as My children, as the apostles of Christ, as the peacemakers of the end of these times and the unconditional servers of God, in any moment and at any hour, under any circumstance

or situation. All those who were consecrated as Children of Mary are today committing to obey God in the face of any call.

So be it and so may it be fulfilled!

In the name of the Father, the Son and the Holy Spirit. Amen.

In humility, I thank you for responding to My Call.

We can sing...

We stand up.

*Song: Children of Mary*
