DAILY MESSAGE OF SAINT JOSEPH, TRANSMITTED IN THE MARIAN CENTER OF FIGUEIRA, MINAS GERAIS, BRAZIL, TO THE VISIONARY SISTER LUCÍA DE JESÚS

Live in the faith of the first Christians, who did not fear death but who madly wished for life in Christ and constantly offered their existence to God so that He could make of their soul's receptacles in order for graces and mercies to reach the world.

Live in the faith of the first Christians, who announced the Kingdom of God, not only with the word but mainly with their lives; which allowed them to become inflamed by the Love of God and discover what true faith is in the Heart of the Celestial Father.

Live in the faith of the first Christians, who were not struggling to gain and accumulate things of the world, rather they were surrendering to gain their place in Heaven, dissolving in the Heart of God, becoming One with the Father.

Live in the faith of the first Christians, who gave their lives for mysteries unknown to them, for an experience and a greater Life, which was only kept in the certainty of their hearts and in the darkness of their absolute faith.

Live, child, in this faith, allowing yourself to be inflamed by it, in prayer. May this faith, hidden within you, gain a place within your whole being so that it may be Christ who expands within you.

You have My blessing for this.

The Most Chaste Saint Joseph
