DAILY MESSAGE OF SAINT JOSEPH, TRANSMITTED IN THE MARIAN CENTER OF FIGUEIRA, MINAS GERAIS, BRAZIL, TO THE VISIONARY SISTER LUCÍA DE JESÚS

In your prayers, cry out for the planet, for the deepest essence of the Earth, for its Kingdoms and elements, for its spirit.

Cry out for the gift of life that the Creator placed in this world; a life capable of renewing and recreating all existence; a life coming from the Holy Spirit of God and which holds His Divine Breath within it.

Cry out that this gift may express, grow and be revealed to the world, to the consciousness and the hearts of humankind.

Cry out, child, so that this planet may find relief and all the spiritual life hidden within it, supporting existence on Earth, may it find hope and motivation for continuing this sacred and unknown labor for humankind.

Cry out for the very consciousness of the planet. Do not forget to dedicate some time to this feminine and maternal spirit that protects the Project and Divine Will since the beginning.

Be grateful for the life that manifests on Earth, be grateful for its Kingdoms, be a part of this Creation, which expresses unity and harmony with the All.

The time has come for being aware of the participation of humanity in the support of the planet, and this is material, inner and spiritual. On all levels, the human consciousness must take action, because the men and women of this planet are the link between the dimensions, they are the bridge to the Heart of God.

For this reason, be a bridge through love, prayer and gratitude. Be a bridge with the Infinite through a simple and eternal union with God.

You have My blessing for this.

The Most Chaste Saint Joseph
