DAILY MESSAGE OF SAINT JOSEPH, TRANSMITTED IN THE MARIAN CENTER OF FIGUEIRA, MINAS GERAIS, BRAZIL, TO THE VISIONARY SISTER LUCÍA DE JESÚS

To understand and love the Justice of God, child, first you must open your heart to know God Himself -pure Love, Mercy and Compassion - Who with tenderness awaits the return of His children to the Celestial Source.

With your prayer, through your dialogue with the Creator, with meditation upon all the holy words that He has sent throughout the centuries, with the adoration of the Eucharistic Body of Christ, with contemplation of His Sacred Face, with silence, with your own life, know God and deepen your contact with Him.

Seek to know who He is, so that you will then know that His Love exceeds all limits and even hides in justice and in the corrections that His Laws express in universal and planetary life.

Know God, and you will know that His Love, My child, is always present, is upon you through the fixed Eyes of God within your heart. Let this gaze protect you. You too will find the Sacred Face of your Creator and unite with Him through the gaze that finds His and transforms, merges, dissolves into this Divine Presence.

All this is achieved, not only with faith, but also with a constant striving, with an ever more inner, deeper surrender of the more hidden spaces of your consciousness.

Each day surrender more to God and you will know how much He also waits to surrender Himself to your heart.

The Love of God is a mirror that is reflected within you so that you go deeper, so that you learn to love. And the more you open to receive the Love of the Father, the more this Love expands and transforms you.

Ask for the Grace to know Him better, of providing more space for His expression, His Voice, His Life, His Love within you.

You have My blessing for this.

The Most Chaste Saint Joseph
