**DAILY MESSAGE OF SAINT JOSEPH, TRANSMITTED IN THE MARIAN CENTER OF FIGUEIRA, MINAS GERAIS, BRAZIL, TO THE VISIONARY SISTER LUCÍA DE JESÚS**

The Angel of Justice holds a set of scales in their hands, and with it measures the merits and the faults of humanity so that, in this way, the fulfillment of the Laws for the coming times may be accomplished.

Chaos and evil struggle to influence beings into fulfilling their false will and manifesting their desires, placing on the scales the weight that strengthens their false laws, based upon deceit and the illusion in which humanity lives.

The Angels of Mercy and the Guardian Angels pray and inspire hearts to transform, to yield, to serve, so that, upon the scales of justice, the good may have weight, and humanity may always receive a new opportunity.

Each action of the beings are weighed on those divine scales. Each small or large act sketches the future of humanity. For this reason, children, way beyond Love and Divine Grace, each being must be responsible for humanity.

We no longer speak of the choices for your own lives, but rather, of the responsibility in front of God that each being has with regards to the destiny of this world. To be awake is therefore to be aware of each action, thought and feeling. Allow your lives to be instruments of peace and Mercy for all beings.

You have My blessing for this.

The Most Chaste Saint Joseph
