DAILY MESSAGE OF SAINT JOSEPH, TRANSMITTED IN THE MARIAN CENTER OF FIGUEIRA, MINAS GERAIS, BRAZIL, TO THE VISIONARY SISTER LUCÍA DE JESÚS

How to be ready in spite of the weight of the world and the weight of your own inner world? How can you have the determination to overcome yourself on a daily basis?

The determination, children, is a Grace shed upon those consciousnesses that open themselves to manifest the Will of God. But for this Grace to act, beings need to allow it to enter into their own hearts and, from the inside out, give themselves an impulse to go forward and not deter their own steps.

This moment of the planet is marked by spiritual and human density. Inside and outside of beings, situations emerge to be transformed; from their souls, profound and unknown wounds arise to be healed, as well as from inside the planet, ancient wounds arise, because it is the time and the hour to heal them.

Nature gets agitated and so does its bodies. While there are tremors, winds, fire, wars on the planet, within human beings there is anguish, sadness, tiredness, imbalance, lack of understanding for themselves.

So then what will you do to reach peace?

Peace is born from the same Source for all life, and this Source is within the Heart of God. Do not search outside of yourselves, search within, deeper than the pains of the soul, more profound than all the confusion. Dive into your own heart and find the Creator.

Surrender at His Feet in prayer, because Peace comes from Him, from Him comes the certainty of a time outside of time and of a Kingdom that transcends the chaos of the world; from Him comes determination so that, beyond tiredness and the weight of the world, you may go ahead, you may fall, but you can rise three thousand times if be necessary.

Everything, children, begins and ends in the connection with God. Therefore, search within yourselves. Pray, and you will find Him.

You have My blessing for this.

The Most Chaste Saint Joseph
