Private Apparition of the Glorified Christ Jesus, in Toronto, Ontario, Canada, to the visionary Friar Elías del Sagrado Corazón de Jesus, for the second day of the 80th Marathon of Divine Mercy

In the name of the Father, the Son and the Holy Spirit.

With gladness and joy, I gather you together at this moment because, in the inner planes, I gather many cultures and peoples together that came to this country of Canada to experience an opportunity and hope.

For this reason, companions, I have gathered you together here, in this place; I have gathered you together here in this country so that you could closely understand the significance of this moment.

It is a synthesis among cultures and peoples that is being experienced at this moment, and it is through My Christic Presence that this takes place.

This is why I have asked you to accompany Me, so that you could come to Canada so that the bases of My Redemptive work with you could be founded here, for this is one of the Aspirations of God for this planetary moment, in which all souls and the essences of the world, as well as the cultures and the peoples, must prepare for the new time, after this transition of the Earth, in which souls will live inexplicable things, will go through unknown experiences, which will need to be supported by faith and a love for God through the heart of all His children.

With this, I want to more clearly explain that the Aspiration of God for having come here to Canada is to give an impulse that is not only spiritual, but also material, in the concretization of new points of Light in the world, formed by the integration of souls, unity among hearts, and the experience of group life among all members of this humanity.

In this case, I am speaking about the cultures and the peoples that emigrated to Canada, however, they did not lose their principles or attributes of life, all that which they had learned since the origins of their countries.

And that is very valuable for God because, in some way, Canada has managed to welcome and receive all these souls, not only opening doors to opportunities and hope, but also opening inner and spiritual doors, so that after thirty years, during which many people emigrated to this country, this is the moment and is the opportunity for the Spiritual Hierarchy to begin to carry out a work and carry it forward.

This is the message that today I want to bring to all My companions; but especially to those who accompany Me here today, to the brothers and sisters who are here in the city of Toronto, and who opened their hearts without thinking or meditating upon it, to receive this direct impulse of your Master and Lord, the consequence and the result of which will be of spiritual and inner benefit for many more souls, for all those who emigrated here to this country, and who are also considered by the Mercy of God.

What characterizes all the peoples and cultures that established themselves in Canada is the simplicity of their lives, the attributes they live through what they have learned in their lives, and

everything they have built through their cultures and languages, without ceasing to bring continuity to what each country and nation represents, not only as a culture or as a people, but also as spiritual consciousness.

Canada will enter a new spiritual stage with the assistance and the collaboration of all the foreigners that are here and who have become well integrated into this country and this culture, in which they were inserted in the life of the daily community.

This creates important pillars, beyond everything else; these spiritual pillars that the Hierarchy needs, in order to found communities; these new communities that will open and will come forward through the faith and the trust of souls in God; because they will not lose their principles nor life attributes, but rather, these attributes and principles will expand throughout the consciousnesses.

And so, as is written in the Bible, the peoples will unite and will fuse as one consciousness, beyond what they may have learned and experienced. And this will occur through love, understanding and acceptance of the different cultures, so that the universal ecumenism that comes from love may continue to be gestated and live in this country of Canada.

The aspiration of the Spiritual Hierarchy is to expand this impulse from Toronto to the rest of the country, so that more souls and consciousnesses may have the Grace of receiving direct teachings from the Hierarchy, not only for their material life, for their family life, but, above all, for their spiritual and inner life.

In this integration and ecumenism that is experienced in Canada through all the foreigners, the necessary and essential bases are created so that the Hierarchy can continue the Work upon the planet; and through these souls and hearts that are found here, that have experienced survival, overcame suffering and pain and, above all, that have incarnated transcendence and the Love of God, managing to overcome all the limitations of their consciousnesses.

Through the Work that the Hierarchy must establish here in Canada, with all the representatives of its neighboring nations, through this labor and this Work, the Hierarchy will be able to help you. And you will also receive the Graces and the Mercy that you need in order to awaken.

Thus, today My Consciousness and, above all, My merciful Heart, on this very special day, at this very special time and in this very special meeting, establishes the spiritual bases that the Father has established so that, from the inner planes, this Aspiration of God may begin to be built, until it is able to completely materialize.

And this will be done through the souls that will be self-summoned, that will feel the call to deepen their spiritual life and again find the path toward that constant and eternal communion with the Eternal Father.

For this reason, I will dedicate a special time for this task in this country, whatever time is necessary, because these souls that have emigrated to Canada and that are living in this country represent their nations of origin, all their peoples and cultures, and from here, the Hierarchy will be able to help all the souls that, up to today, experience difficulties and tests, and cannot manage to move forward by their own means.

It is through the opening of simple and humble hearts, it is through the love and the trust of those who believe in My Name and invoke it, that I can reach other souls in the world that not only

experience suffering but also persecution and slavery.

It is in this way, companions, that the balm of My Divine and Unfathomable Mercy reaches them with time, closing the deepest wounds and, in this way, I renew souls so that they may continue onward in the trust and under the guidance of God.

Today, with you I come to celebrate this moment and the establishment of the new Monastery of the Mercy of God, that will embrace and protect all the immigrants that are here in Canada, through the virtue of the service and prayer that will bring all of them an understanding about life and a deep union with the Plan of the Creator Father.

The spiritual bases of this work are founded here today by your own Master and Lord, and this will bring everyone, not only infinite opportunities, but infinite Graces for those who need to feel loved, understood and accepted again, so that their inner wounds may be healed and closed.

Today I bring this message because I know that everyone will hear it and will reciprocate with their Master and Lord so that this may be accomplished, because it will be from the Work and within this Work of Love and Redemption that the means will emerge to carry forward this aspiration of your Master and Lord, which comes from the Father.

Here in Canada, with the time in which this work and this Aspiration of God will develop, many cycles and possible stages of spiritual and material growth will be experienced so that souls may reach the Portal of Liberation and thus feel renewed, consoled and loved by the Father, as by His Divine Son.

As a High Priest, I celebrate this moment with you, because it is a moment of celebration and joy, hope and much Mercy for all those who need to find it within their lives.

Thus, I bless and consecrate this moment and these spiritual bases, which I am establishing today in Canada, so that a new stage and a new cycle may begin, as has been foreseen.

I am grateful for the adherence and the accompaniment of all My companions, and I especially thank My dear daughters of Ethiopia, who represent all of My beloved Africa, which is at the center of My Heart, in this great moment when your Master and Lord will place His Feet again upon that continent, to free it from captivity forever.

In the name of the Father, the Son and the Holy Spirit. Amen.
