DAILY MESSAGE OF MARY, ROSE OF PEACE, TRANSMITTED DURING THE JOURNEY FROM THE MARIAN CENTER OF FIGUEIRA, MINAS GERAIS, TO THE MARIAN CENTER OF THE CHILD-KING, TERESOPOLIS, RIO DE JANEIRO, BRAZIL, TO THE VISIONARY FRIAR ELÍAS DEL SAGRADO CORAZÓN DE JESÚS

Dear children,

Today I dedicate this message to all the youth of light, to the new seeds that are sprouting in these definitive times, and in whom My eyes of a Mother can see the virtues that awaken within them.

Thus, these seeds of the youth that are sprouting today represent, for My co-redemptive work, the expression of the essential purity that must be kept in each one of them.

Within the youth lies the foundations of the New Humanity, it is for this reason that your Heavenly Mother is ready to work directly and unconditionally with these souls.

That is why I have requested that throughout these recent days the Youth Festival for Peace be disseminated in Brazil, so that the young people themselves, who carry forward this impulse of brotherhood and union with the Kingdoms of Nature, can in the future take it to Central America, North America, Europe, Africa, Oceania and Asia.

I would like the culture of the youth for peace to be known upon the five continents, as well as in the monthly Meeting of Music for the Healing and Elevation of Humanity, in which the youth should especially have a wider space where they can express their musical gifts and their artistic virtues.

In the planetary youth, who are awakening to a search for spiritual life and to non-aggression toward the lower Kingdoms, lies the potential to open the doors for many souls in the whole world, who do not know of My Maternity nor My love for each of the children of God. For this reason, the Youth Campaign for Peace must also expand into various languages, just as the Meeting of Music for Healing must be translated into other languages.

Thus, dear children, I want to show you the path toward the true universal ecumenism, which is not understood by the Church of My Son; I come to teach you the ecumenism of brotherhood and peace, which was preached by My Son two thousand years ago.

I thank all My children for their adherence.

I give you Thanks for receiving My call in your hearts.

Your Mother Mary, Rose of Peace
