DAILY MESSAGE OF SAINT JOSEPH, TRANSMITTED AT THE MARIAN CENTER OF AURORA, PAYSANDU, URUGUAY, TO THE VISIONARY SISTER LUCÍA DE JESÚS

May the ever deepening silence of the Divine Messengers lead your consciousness to become silent as well. Thus, learn how to listen to your inner world and, within it, to the Spirit of God that inhabits your consciousness and guides you.

Understand silence as a way to deepen communication with the Father. Understand retreat as a way to mature that which you have received, and to prepare your being for something higher.

Allow this cycle to speak to your consciousness through the desert because all those who aspire to truly deepen their spiritual life must cross it.

Do not fear emptiness or loneliness, but learn to find in them the silence of God by means of the Love of the Father, discover a dialogue with God that up to today has been unknown to you.

The Creator speaks to the innermost part of His creatures through silence, and only in the desert of your heart and in the emptiness of your consciousness will you learn to find Him .

Receive the Divine blessing for this cycle, which the whole universe contemplates with love. Creatures are living their spiritual maturity in order to take an unknown step for all life, for all Divine Creation.

May your being be united to the Universal Laws and Principles that rule this moment and, above all, may silence be your greatest guide.

You Father and Friend

The Most Chaste Saint Joseph
