DAILY MESSAGE OF SAINT JOSEPH, TRANSMITTED IN THE MARIAN CENTER OF FIGUEIRA, MINAS GERAIS, BRAZIL, TO THE VISIONARY SISTER LUCÍA DE JESÚS

Contemplate the Eucharistic Heart of the Lord and, observing with the depths of your spiritual gaze, find the Sacred and scourged Heart of Jesus.

In each pulsation of this Heart, each drop of Mercy, pity and compassion are shed upon the Earth through all the tabernacles of the world. These divine gifts flow from the Heart of Christ and reach those who need it most through the souls that adore and commune of the Body and Blood of Christ, bringing Its redemptive Presence to Earth.

Contemplate in adoration the celestial altars where the Sacred and scourged Heart of Jesus constantly pulsates, renewing His offer and His surrender for all souls, eternally, until pity, Mercy and compassion become living realities within beings, and it may no longer be necessary to pour them upon Earth, because the same children of God will be living sources of His Grace, in a perfect expression of His Creation.

Contemplate and adore the Sacred and scourged Heart of Jesus, so that you receive from it, in the name of all humanity, the spiritual codes that remind your consciousness of the true purpose of your existence.

Let your souls and your spirit recognize this path and experience it in wisdom, so that you know where to be and what to do at each instant of your life upon Earth.

The Heart of Jesus reveals and reminds you of who you really are. If you are searching for a meaning for your life, contemplate and adore the Heart of Jesus, hidden in the Eucharist, and there, child, all will be revealed to you.

You have My blessing for this.

Your Father and Friend,

The Most Chaste Saint Joseph
