DAILY MESSAGE, RECEIVED during the journey from Berlin to Frankfurt, GERMANY, TRANSMITTED BY THE GLORIFIED CHRIST JESUS TO THE VISIONARY FRIAR ELÍAS DEL SAGRADO CORAZÓN DE JESÚS

Now that the mission planned by your Master and Lord has been effectively accomplished and fulfilled, with the support of My followers and pilgrims, Germany is spiritually prepared to start living its transition towards redemption and the experience of a path of love.

This is why the spiritual mission in the city of Berlin had to fulfill the two previous stages through the Meetings of Prayer held in Munich and Frankfurt. Thus, the Spiritual Hierarchy gathered was able to work extensively on the project and on the purpose of deactivating from the consciousness of Germany the great roots of evil which condemned it as a nation and as a people, preventing the Divine Light from arriving.

In this way, an inner alliance has been established between the hearts of Germany and the Divine Messengers so that, in the next cycle, ecumenical bases of a religious and civil Light-Community may be founded.

This is how this impulse will allow the Hierarchy to rely on a column of light within Germany, that will enable the descent of more attributes upon the consciousnesses so that, someday, these souls be encouraged to take steps towards the redemption of their lives.

Thus, My Sacred Heart has now contemplated the location where these community bases will be established.

Thank you for keeping My Words in your heart!

Who blesses you,

Your Master and Lord, Christ Jesus
