DAILY MESSAGE OF MARY, ROSE OF PEACE AND LADY OF CZESTOCHOWA, TRANSMITTED IN THE CITY OF KRAKOW, POLAND, TO THE VISIONARY FRIAR ELÍAS DEL SAGRADO CORAZÓN DE JESÚS

The suffering experienced by humanity, and especially by the children of Poland, can only be dissolved with love, by feeling loved and respected.

This will prevent them from looking for the support they need in order to survive as a race in the distorted ways of the world.

The after-effects of the past are very great. This is why here in Krakow there is a direct channel to Mercy so that everything may be released.

Divine Mercy, which is a sublime path and one of atonement, goes hand in hand with love.

It will be that love and that Mercy that will bring the new to those souls, and will grant the forgiveness, so necessary to end the era of human suffering.

Divine Mercy attracts that sacred principle of hope so that everything can be repaired.

I thank you for responding to My call!

Who blesses you,

Your Mother Mary, Rose of Peace and Virgin of Czestochowa
