DAILY MESSAGE OF SAINT JOSEPH, TRANSMITTED IN THE MARIAN CENTER OF FIGUEIRA, MINAS GERAIS, BRAZIL, TO THE VISIONARY SISTER LUCÍA DE JESÚS

Pray, and while you pray, discover who you are and what you came to do in this world. Seek, child, the essence of your origin in God and, through the Heart of the Father, trace the path of your story until reaching this planet, within this soul that you are.

Understand that the Earth is a school of love and of redemption, and humbly embrace this opportunity, letting those divine Gifts be expressed within you.

Pray and seek the truth about yourself, seek to understand and feel the universe, Divine Creation, and life as something much broader than life on Earth. Seek to understand yourself as something much broader than your body, mind, emotions and soul.

Meditate on the Sacred Scriptures so that, permeated by the knowledge that God has already given humanity, you may be worthy of receiving and experiencing new revelations in this time.

You are in likeness to the Father, Who holds an unfathomable mystery. The Body of God is life manifested throughout the different universes, the Soul of God is a subtler dimension of this life, and the Spirit of God is the non-material Source that animates all things.

In this way, understand, child, that your body must become a sacred temple of a much broader life than the one you know. Your soul holds another more subtle aspect of this life, of all the experiences of your evolution. And your spirit is that living cell of God, that beginning of the new, which was created to renew all things.

Revere Divine Creation and seek the space to come out from human superficialities, and find within yourself a universe as sacred as the one you contemplate above you.

You have My blessing for this.

Your Father and Friend,

The Most Chaste Saint Joseph
