DAILY MESSAGE OF SAINT JOSEPH, TRANSMITTED IN THE MARIAN CENTER OF AURORA, TO THE VISIONARY SISTER LUCÍA DE JESÚS??????

Dear companions,

This is a time in which you will need to be more silent. With the effort to control the word, which is the vehicle of creation with the greatest power used by humanity today, you will at the same time, control the energies that will enter into a process of purification within your consciousnesses.

When you observe the control of the word within yourselves, you can observe the lack of control that exists in all things and, in this way, you will be able to find a more secure and harmonious path for your own transformation.

On entering an intense purification, the consciousness loses control of the different bodies and many times acts, thinks, and feels in a way it normally would not do so. If you are attentive to the use of the word, you will be attentive to the act of creating and emitting information. Little by little, you will observe the silence in the mind, in the feelings, in the movements and in the emanations of the magnetism of the consciousness. In this way, on entering the process of purification, you will not lose control of yourselves and will be able to defeat the desires and the will that will speak loudly within your inner world and in your subconscious, trying to take you onto involutive paths.

What I call "involutive paths" are the ways of life that are normal for ordinary humanity, but that do not build evolution nor a maturity of spirit for a being that is aware of the planetary reality and the Plan of God.

Today I want you to understand silence as a valuable tool for the end of times, something vital and necessary for those who aspire to remain firm.

I hope that you will seek true silence, the result of understanding this inner need of persevering on the path of God. Do not seek muteness nor the rigor that makes the soul rigid and distances it from living a positive spiritual experience, for on the contrary, these feed the forces in purification within the consciousness and do not allow them to be transmuted and liberated from your own self.

I leave you My blessing and the light of a greater understanding for all.

Your beloved companion, servant of the silence,

The Most Chaste Saint Joseph
