DAILY MESSAGE OF SAINT JOSEPH, TRANSMITTED IN THE CITY OF FLORIANOPOLIS, SANTA CATARINA, BRAZIL, TO THE VISIONARY SISTER LUCÍA DE JESÚS?

Children,

On this day I would like to tell you that the planetary events are already demanding from many servers their inner fortitude and a decided spirit for persisting in peace and in meekness, irrespective of what happens around them. Many are already being called to transcend what they think and what they feel for supporting not only themselves but also others that do not know prayer nor live in peace.

On this day, with the intercession granted Me after the inner appeal of My beloved children of Venezuela, I ask you for a greater spirit of unity and fraternity, and that from now on you recognize yourselves as one body of light, one army that seeks the establishment of peace.

Let those who are not experiencing the planetary purifications so directly, in their prayers, consciously support the inner worlds of those who are personally witnessing the action of the laws of chaos.

I ask that you pray for the establishment of inner peace in the servers. Because if those brothers and sisters of Venezuela, who today need your support and unity, persist and achieve peace, you will be able to help them with your own experience, when chaos also knocks on the doors of your inner worlds.

It is for this reason, children, that I call on you to truly feel yourselves part of the purification of Venezuela, and even though you cannot physically interfere in what they are experiencing there, through the clamor of your Venezuelan brothers and sisters, peace is able to reign in the hearts of beings again, and despair will not make them fall, but rather will strengthen them for helping others in the future.

Let fraternity be a living virtue in the hearts of all those who pray.

Unite with the Hearts of the Divine Messengers, so We can nurture with peace and hope those of Our children who do not know them and that day after day suffer because of the planetary purification, which will gradually enter into the American continent.

Pray, My beloveds, pray a lot and awake new hearts to the path of prayer.

Unity will make you strong. Unity will make you the Power of God, because you will be worthy of experiencing it.

Your Father and Companion, The One Who is ready to support, in the heart, those most in need in these times.

The Most Chaste Saint Joseph
