DAILY MESSAGE OF SAINT JOSEPH, TRANSMITTED IN THE MARIAN CENTER OF AURORA, PAYSANDÚ, URUGUAY, TO THE VISIONARY SISTER LUCÍA DE JESÚS

Enter the time of no-time, what is known as, Real Time, which is the approaching of the Kingdom of God and His Eternity.

Prepare your heart, praying as if it were the last, serving as it were the last, giving and asking for forgiveness, as it were the last time, living fraternity and love as it were the last.

In the Time of God, the present is the only experience to be lived. In the present, the past is healed and the future is built. Live inside this Time, in which another moment is no longer waited for in order to act, pray, serve and live better.

You must heal from the human consciousness the addiction of losing cycles and putting off the opportunities that the universal conjunctures send to you.

Now is the time to do all things well, with completeness of spirit and heart, building the new life with present acts, and learning to enter into the Real Time, into eternity, through living the present.

I tell you this because this time is now approaching, and within it the cycles and the impulses will rapidly pass through your lives. To receive and experience them fully, it is necessary to always be living from within the heart, and for you to somehow comprehend living each instant as it were the last one.

Thus, children, you will be awakened for the cycles that might come, and for the impulses that the Universe may send you. This way you will be worthy of rebuilding the Earth and of expressing a new life in the Time of God, in the Real Time.

Your Father and Friend,

The Most Chaste Saint Joseph
